

DON'T UNDERESTIMATE THE VALUE OF INSULATION

20% of homes built before 1980 are **well insulated.**

FACTS ABOUT PROPER INSULATION

In the same way a jacket keeps you warm, proper insulation helps protect your home and your family from the cold

Adding insulation can reduce your energy bills and increase the overall comfort of your home

Upgrading your home's insulation is one of the fastest and most cost-effective ways to increase your energy efficiency
